

July 24, 2009

To whom it may concern:

I would like to recommend Wayne Korte and his firm Foresight Services Inc. Wayne formed his own company in 1999 after working for Korte Construction Company over 24 years. He started his career with us in 1975 as an apprentice carpenter and developed skills and leadership abilities allowing him to advance in the company. In 1980 Wayne developed our Special Service Team. While with the Special Service Team, Wayne's ability to solve owners' problems made him a key leader of the group. In 1990 Wayne took on the challenge of developing our Quality Control Program. Both programs are still in place today.

Over the years, Wayne has developed a keen ability to handle construction problems. He has gained wide recognition in the roofing and building industry as a professional consultant. Providing a quality product has always been Wayne's priority. Therefore, I feel Wayne will be committed to his clients' best interests and will effectively address their concerns.

Sincerely,
THE KORTE COMPANY

Ralph Korte, Chairman
